

### FIGURAL ANALOGIES—SUPPLY A PAIR

**DIRECTIONS:** Using the dot grid, draw the last two figures, "C" and "D," to complete the analogy. Figures "C" and "D" should be related to each other in the same way that the first two figures, "A" and "B," are related.

**A    :    B    ::    C    :    D**

**E-67**

**E-68**

**E-69**

**E-70**
